Antioch Theatre - News Halloween Party For Graders Set For Friday

All is in readiness for the annual Halloween party sponsored by the Antioch Theatre and Antioch News for grade school children of the community. Special police protection for the children on parade from the Grade school to the theatre will be provided. The parade will start from the Grade school at 6:30 p. m. Friday evening.

Prizes for the best costumes will be provided by the sponsors as well as two grand prizes, one for girls and one for boys. There will be four prizes awarded for each grade, including kindergarten. Other treats will be provided for each child taking part.

The picture to be shown is "Arthur Takes Over," a comedy which is calculated to make a big hit with the youngsters. Parents and older people will not be admitted to the theatre until all of the young guests are seated.

The difficult job of selecting the winners of the prizes will be handled by Mrs. Irving Elms, Mrs. Joseph Horton and Mrs. Marion Rigby.

Lions Entertain Antioch Scouts at Dinner Mon.

Fifty-five members of Antioch Boy Scout troop 91 were guests of the Antioch Lions club Monday evening at St. Peter's hall. The highly successful affair has been an annual one for the past several years and a very fine program was presented. The dinner was prepared by ladies of the church.

The scouts contributed to the program by singing several scout songs and the program was rounded out by the presentation of several movie films supplied by K. F. Dietrick of Loon Lake. Mr. Dietrick is a member of the local boy scout board. The movies included a picture starring Abbott and Costello, Football pictures and a scouting movie.

Dr. D. N. Deering, also a member of the scout board, made a short talk in which he touched on the tragic passing of Mr. C. K. Anderson, boy scout benefactor, and also put the scouts on their honor to limit pranks on Halloween to harmless ones.

Cast Of Characters Announced for Junior Class Play Nov. 18-19

Announcement of the cast of characters for the Junior class play, "Stranger in the Night," was announced today by Miss Jeanette Darrough, director.

The play will be given at the Antioch Township High school the evenings of Nov. 18 and 19.

The cast comprises:
Sylvia Lee — Patricia Kelleher, and Mabel Crane — Joanne Midgely, the owners of the gift shop.

Grant Terry, a newspaper columnist — Robert Small

J. T. Rutledge, a retired executive — Melfred Stillson

Velda Stevens, his secretary — Betty Jean McDougall

Clifford Newkirk, a law student — Robert Dieball

Nona Pollard, an elevator operator — Mary Rose Webb

Eddie Beach, a hotel bellhop — James Kennedy

Rose Jordan, a successful business woman — Clarita Greenlee

Sam Fish, the hotel detective — Jack Mahoney

Marcella Bender, who teaches physical culture — Jacqueline Onstad

Sandra King, a lady wrestler — Bobby Barthel

Behind the scenes activities will be handled by:

Stage manager, Peter Poulos

Properties, Georgia Saylor

Stage hand, June Peterson

Advertising, Gwendolyn Keating, Wanda Howell, Marion Miller

Ticket sales, Mary Ellen Campbell, Mary Ann Quilty, Betty Terry.

The Legion Auxiliary held its regular meeting at the hall Friday evening. Plans were made to send Thanksgiving cigarettes to the Veterans at Downey. Mrs. Agnes Hills was social chairman for the evening, cards were played and refreshments served.

Community Club At Lake Villa Sponsors Party

Halloween Party Saturday Eve; "Big Brother Day" for Nov. 9

Two big events are on the program for Lake Villa during the coming two weeks under the leadership of the Lake Villa Community Men's club.

These are the annual Halloween party this Saturday night at the Lake Villa school and the "Big Brother Day" on Tuesday, Nov. 9.

The Halloween party, starting at 7:30 p. m., promises to be a gala affair with fun for everyone in the community, young and old.

A parade with all the youngsters in costume will start at 7:45 p. m. with some spooky movies scheduled for 8:15, these to be followed by a huge bonfire and refreshments.

The Lake Villa Community Men's club is offering special prizes for boys and girls with outstanding or unique costumes. These will be given to one boy and one girl in each of the following age classes: From 6 to 8, from 9 to 11, from 12 to 14 and from 15 and over. There also will be a special prize for the "most unique couple."

Spending much of their time insuring the success of the party is the committee consisting of Principal Dave Shrum, Paul Williamson, the Rev. H. Rodd and Harry Pavel. Plans are being laid to entertain more than 300 youngsters and their parents and everyone is urged to bring something to throw on the bonfire.

The "Big Brother's Day" Tuesday, Nov. 9, is being put on for the teen-agers of the Lake Villa Township to acquaint them with the business or trade they already have picked or to help them choose their life's work.

Members of the Lake Villa Community Men's club are each taking from one to three youngsters in tow that day. They will pick the boys and girls up in the morning, take them to their places of business or trade and squire them around during the day.

The program is designed to be both instructive and entertaining. Several of the members are taking their charges into Chicago for the day.

The day will be climaxed by the attendance of all the teen-agers who participate at the regular monthly dinner meeting at which they will be the guests of the club.

Special movies and other entertainment is planned for this meeting.

Final plans for "Big Brother's Day" were formulated at the last directors' meeting of the club, which was attended by President Lester Hamlin, Treasurer E. K. Hart, Secretary Charles Van Oeyen, and Directors William Weber, Paul Williamson, William Walker, Neil Riedel, Earl Caldwell, Harry Weber and Jere Hagen.

Mrs. Maud E. Sabin Retires After 40 Years in Business In Stores Situated On Main St.

After 40 years in the merchandising business, Mrs. Maud E. Sabin of 437 Hardin street is retiring. The stock of her store at 906 Main street was closed out during recent weeks and the key was turned in the door for the last time yesterday. The lease will expire Nov. 1.

Mrs. Sabin opened her store in the Klein building now occupied by the Antioch Liquor store at 894 Main street Nov. 1, 1911. She sold women's ready-to-wear, dry goods, general merchandise and gifts at first, but more recently she limited her stock to gifts, novelties, and fancy linens.

The Sabin store was situated in the Klein building for 15 years and then it was moved to the King building where it has been for 25 years.

Mrs. Sabin is a member of a pioneer Antioch family. Her father, L. J. Simons was born here and for many years ran the Simons House on the ground now known as the village park at Main and Orchard streets. She has two brothers, Ira and Ernest, and a sister, Mrs. Dora Sabin. She and her sister married brothers and her husband was the late Ellis Sabin.

In retiring to her home on Hardin street, Mrs. Sabin will not be forgotten but will be remembered by the thousands of customers who enjoyed dealing with her.

A & P Grocery Store Has Successful Opening

At least three thousand persons attended the opening of the new Atlantic and Pacific Tea Co. store on Lake street last Thursday evening.

A continuous line passed through the aisles in admiring the beautiful displays of foods, which took on picture-like appearance. They were amazed at the varieties of meats, cheeses, vegetables and other products.

Manager Earle Gibbs, 23 district executives and 35 employees of the company were on hand to greet the visitors and Earle did more hand-shaking than a politician that night.

Recorded music was played and the guests were treated to ice cream and wafers.

The store did a brisk business upon the opening Friday morning.

Wage Increases Given Telephone Operators Ups Company's Costs

With 31,000 of its 37,500 union employees demanding and receiving third round wage increases, J. M. Littler, manager here for the Illinois Bell Telephone company, estimated that approximately \$7,000,000 has been added to the company's annual wage and related costs bill. There are another 13,000 employees in the company's commercial, accounting and general offices.

Settlement with 11,000 long distance and local operators represented by Communications Workers of America Division 14 (Independent) was effected last Friday at the deadline of midnight. Increases of \$1 to \$4 per week were given, depending on length of service, type of job and locality. Union demands had ranged up to \$5 per week, and federal and state conciliators assisted in the settlement.

"Settlements were made to match third round increases given by other industry and to pay going wages in the towns where we operate," the manager said. "We can't get and keep good people unless we are even with the wage market and these settlements, of course, make present employees' jobs more attractive. Moreover, in many communities, including Antioch, we need more workers."

"The unfortunate result, however, is to impair critically the company's earnings position. Our total 1948 earnings for stockholders had been estimated before any wage agreements were signed at about \$10,000,000 on gross plant investment of over \$500,000,000, which is less than 2c on the dollar. Wage awards already made, with another 13,000 employees to go, amount to as much as three-fourths of 1948 previously expected profit."

Grade School P. T. A. Has Successful Card Party

The Antioch Grade school held its first card party at the grade school on October 23. The party was well attended, with each table being awarded a prize.

A turkey was donated by Gust Mantis.

Door prizes were donated by Barnstable and Brogan, Wilton Electric Shop, MariAnne Dress Shop, Lasco's Greenhouse, Regal China Co. and Gibbs Variety Store. Mary Jean Mapleshorpe and her orchestra played the music for the dancing.

National Election Tues. Expected To Be Quiet One

Republican Victory Is Predicted with Dewey and Warren

Antioch voters will go to the polls Tuesday in one of the quietest national elections in many years.

It appears almost certain that the Republicans will occupy the White house with Thomas E. Dewey as president and Warren of California is a vice-president. Democrats have held the presidency for 16 years.

President Harry S. Truman serving since the death of Franklin D. Roosevelt, appears to have alienated the Progressive element now turning to Henry Wallace, and the Lily White Democrats of three southern states who have their own candidates.

The Gallup poll shows that Thos. E. Dewey will win a big majority in the electoral college.

In the state, Adlai Stevenson, a Lake County resident, is leading Democrats in an effort to unseat Gov. Dwight Green, Republican, for governor, but while Stevenson will run ahead of Truman in Illinois, he is not conceded much chance of election.

In Lake county the Democrats are aiming their guns at the state attorney's job. James P. Moore is trying to unseat Harry Hall for the office and has been carrying on a lively radio campaign. He has made little or no impression on this community, where Hall is popular.

Voting in Tuesday's election in Antioch will be at the usual polling places.

Bud's, Slide Inn and Joe & Helen's Among Bowling League Leaders

Ties for the lead in the Ladies Handicap league and for second place in the Tavern league testified to the close battle for league leadership in Antioch bowling.

Bud's tavern won three games from Ehrhardt's, giving them a tie with Slide Inn with 13 victories and 5 losses in the Ladies Handicap league. Antioch News is next with a 11-7 standing, and Golden Glo and Mehrling's Resort are tied for fourth place at 10-8.

Antioch News was high team Oct. 19 with a score of 706-837-879 for a total of 2422. L. Fernandez of Slide Inn and C. Jorgensen of Club Villa tied for high individual scorer with total of 479 each. Anne Rogers of Cox's Corner was third high with a 459. Anne's game of 187 was high individual while Jorgensen's game of 185 was a close second.

Joe and Helen's Winners

Joe and Helen's won two games from Thor's Club Villa, putting them in first place in the Tavern league with 13 victories and 5 losses. Louie and Ed's tavern, Thompson's, and Pagels are all three tied for second place at 12-6. Sorenson's tavern is next with 10-8.

Louie and Ed's tavern was high team Monday night, Oct. 18, with games of 862-832-827 for a total of 2511. R. Seyforth of Bud's tavern was high individual with 182-184-190-556. Ed Walters' 648 for Halling's resort was second high. He also had the high game of 221 while

Sequoits Face Bronchos Following Victory Over Grant Bulldogs Here 7-0

Flushed from their victory over Grant township last Friday night, Antioch Township High will take on the unbeaten Barrington Bronchos here tomorrow night in the annual homecoming game.

Barrington as the conference leader not only hasn't been beaten but its goal line hasn't been crossed yet this season. Possessing much material and four coaches to train it, Barrington is in an enviable position this year.

The 7 to 0 victory over Grant placed the Sequoits in second place last week-end and if anyone in the conference can topple the Bronchos they can do it. The local boys came out of Friday's game in good condition and are training hard for the Barrington game.

Antioch played a hard bruising brand of football against Grant last Friday night. Hard tackling on hard ground caused injuries to two Grant players, one of them being taken to the hospital with a brain concussion.

The defensive middle of the Sequoits line looked exceptionally good.

Grant moved the ball down to Antioch's 15-yard line after taking the opening kickoff. Wiccyork intercepted a Grant pass on his two-yard line and brought the drive to an end. The second quarter was played on even terms and the half saw both teams scoreless.

At the beginning of the third quarter Antioch started a sustained drive that ended in a touch down pass from Buchta to Stillman. Appanatis booted the extra point for the winning score of 7 to 0.

Antioch threatened again in the fourth quarter going down to Grant's 18-yard line, but lost the ball on downs.

In the last few minutes of the game Grant threw a series of desperate passes and had the ball on Antioch's 35-yard line when the game ended.

The statistics showed Antioch the better team. They were:

Antioch		Grant
282	Total yards gained	178
177	Yards from rushing	139
106	Yards from passing	39
5	Passes attempted	11
4	Passes completed	2
13	First downs	9

Antioch Church School Will Receive National Recognition in Dec.

Article by B. Guillaume To Appear in National Magazine Soon

The record of the Antioch Methodist Church school in the "Crusade for Christ" will receive nationwide attention in December, according to word received this past week from the General Board of Education of the Methodist Church.

December is the climax of the Crusade which has been in progress for over a year. At that time an article entitled, "The Superintendent's Reward" by Bernard Guillaume, local superintendent, will appear in "The Church School," a monthly magazine with national distribution.

The article tells of the 78 per cent increase in the Church School roll, the recruitment of teachers, and the various activities which have been developed by the Church School including the young people's choir. The article pays tribute to the teaching staff of the Church School with mention being made of the Department heads, Mrs. T. R. Birkhead, Mrs. Elmer Hunter, M. C. Cain, and the youth choir director, Mrs. Luster Badger.

The possibility of national recognition had been previously suggested by Dr. Weldon Bradburn, District Superintendent of the Methodist Church, and Dr. Ralph Hall Collis, Conference Director of Religious Education.

Call Boat Club Meeting

A supper meeting for all members of the Chain O' Lakes Boat club will be held at 7 p. m. Monday, Nov. 1 at Allgauer's Nuffer restaurant, 666 North Ridge ave.

Commodore Eddie Zender has called the meeting to discuss ways and means of setting up a workable method of classifying inboard runabouts so as to provide the best possible races both for the contestants and the spectators.

Parade Tonight Opens A. T. H. S. Homecom'g Days

Football Game on Friday Night to Be Followed By a Dance

Beverly Lasco, daughter of Mr. and Mrs. H. L. Lasco, will rule as queen over the Homecoming events of Antioch Township High school tonight and tomorrow.

Miss Lasco, a senior, will have as members of her court, Verna Kufalk, senior representative; Dorothy Verke, junior; Enid Karoliug, sophomore; and Rose Anne McGreal, freshman.

Selection of the queen was made by members of the football squad who will, like knights of old, battle the enemy for her plaudits tomorrow evening on the gridiron. Barrington, the giant of the Northwest conference, will be the opponent on this occasion and the game will start at 7:30 p. m.

Tonight the students will stage a parade in which floats will be entered by civic, military and social organizations. The parade at 7:30 o'clock will be headed by the high school band followed by the queen and her aides.

Prizes will be awarded for the three best floats. First prize will be \$5; second prize, \$3; and third prize \$2. On judging the critics will give 50 points for effort, 25 points for appropriateness; and 25 points for artistry.

Announcements of the awards will be made during an intermission of the dance Friday evening.

The Homecoming dance will be at 9 p. m. tomorrow at the high school following the football game. Lou Val and his orchestra from Waukegan will provide the music. The queen and her attendants will rule there also.

Following the parade tonight the students will return to the school grounds for a bonfire and pep rally.

Antioch High School Wins First in Curtis Foultry Judging Cont.

At a poultry and grain judging contest held at the Curtiss Candy Farm at Cary, Ill., last Friday, the poultry team from the Antioch High School placed first in competition with twenty-two other schools from Northeastern Illinois.

Gordon Wells, Jr., of Antioch was high individual among 115 contestants with a score of 785 points out of a possible 800. Stephen Young, another youth from Antioch, was second high individual. Albert Berkiel and Jack Heick, also of Antioch, placed 7th and 9th individual respectively. Sugar Grove and Hebron schools placed second and third.

The Antioch grain judges placed fifth among the 23 schools, with Richard Raether sparking the team with highest score, placing fifth as individual among the 115 contestants. William Wurster and Richard Walberg will support Raether in representing Antioch at the state judging contest next June.

Duck Hunting Season to Open Friday at Noon

With the wildfowl season in Illinois opening at noon Friday (Oct. 29), the Chicago office of the Department of Conservation has come up with welcome news for Chicago-area shooters.

Ducks are more plentiful in the marshy waters of Northern Illinois than for a number of years, according to a canvass of conservation officers and oldtimers of the lakes region of Cook, Lake and McHenry counties.

An abundance of mallards, pintail and teal is reported, with many canvasback and redheads in the deeper waters.

Game biologists of the Department of Conservation report that the Illinois River Valley has an unusually large waterfowl population and that hunters should find days spent in the blinds productive, especially during the early part of the 30-day season.

Mr. and Mrs. Frank Walsh and family and Mrs. Ed Smith returned Monday from a 10-day trip to Detroit lake, Minnesota. They visited Mrs. Smith's daughter, Louise.

What the Railroads Charge You

Just how much do railroad freight rates influence the cost of living? They are a factor, of course—but a far smaller factor than is generally realized.

The Interstate Commerce Commission has made a report on the subject, which says that total railroad freight charges in 1946 amounted to less than 5 1/2 per cent of the wholesale value at destination of all commodities so shipped. This was the lowest percentage since 1928, when the reports started.

Another conservative estimate holds that less than 4 cents out of each dollar spent last year on living expenses by families of moderate income went for rail transportation—including not only freight, but passenger fares, mail, etc.

The fact is that commodity prices in general have gone up faster and farther than freight rates. The average revenue received by the railroads for hauling a ton-mile of freight has risen only 34 percent as compared with 1939. The costs of most goods, on the other hand, have nearly doubled since then, and many have tripled and quadrupled. Putting it another way, the increase in average prices which railroads must pay for what they buy is about twice as great as the increase in the prices for which they may sell their services. And it is certainly hard to see how anyone—except railroad stockholders—can complain about that.

Railroad service is ever improving. And we get it for a tiny portion of what we spend to live.

Good Citizen

The work of a utility company doesn't begin and end with the production and distribution of electric power to all who want it. The typical utility is one of the most potent and aggressive factors in carry-

ing on worth-while community activities.

A recently completed survey shows that 94 per cent of all the operating power companies of the with community organizations, including chambers of commerce, churches and schools, social and welfare groups, and so on. And the same survey finds that 66 per cent of the companies work through other agencies in the community in helping to bring in new industry and to strengthen already established concerns.

The utility, in short, is simply a good citizen. It knows that its own welfare and progress depend upon the welfare and progress of the community and the region in which it does business. It prospers when labor, agriculture and other industry prospers. And it suffers financially when they suffer.

The utility is a mainstay of the community in other ways. It is among the biggest and most dependable taxpayers. Every tax-levying body—the town, the country, the school district, the state, and the national government—gets its share. This is in contrast to the socialized systems, which pay little or nothing in taxes, which are dominated by political considerations, and which obliterate state and local control of a vital industry.

Free enterprise is a builder, and the utilities are fine examples of it.

* * *

The Low Down from Hickory Grove

Of all the times not to do certain things, the Govt. has a knack of picking same. Take it right now—Uncle Harry and his boys say they are gonna move heaven and earth in order to get prices down—and what do they up and do. They start a law suit tryin' to bust the meat packing companies. If there is any better way to make meat more scarce—and higher—I reckon they have overlooked it. And the 4 companies they choose to bust, will be divided into 14 outfits. So instead of 4 general managers, they will have 14 under the new scheme. A fine way to cut expenses. Sounds sassafrassy.

And a little off the subject but not too far, are strikes—they raise prices too, but the same crew there in Blather Town, don't raise a finger. And when we finally graduate in strike technique—we can go socialist and ask somebody to feed us. But, says the little red hen, who will we ask?

Yours with the low down,

JO SERRA.

* * *

As election day draws nigh, the crystal gazers are pretty much agreed on certain forecasts. They are: the popular vote will give Dewey a substantial edge; the electoral vote will be overwhelmingly in his favor; the Wallace campaign is in bad shape.

Oddly enough, the Democrats have an outside chance to capture the Senate. That is why Mr. Dewey has gone out of his way to endorse Congressional candidates during his campaign tour—particularly those who are facing rough going.

Sunday dinner guests of Mr. and Mrs. Cyril Pacey.

Doris Pacey, of Kenosha, spent the week-end with Mr. and Mrs. Cyril Pacey. She has accepted a position at the county treasurer's office at the court house.

VOTE REPUBLICAN ELECT

HARRY A. HALL

Republican Candidate for STATE'S ATTORNEY

During his time in office your present State's Attorney has conducted the affairs of the office in all its various aspects as follows:

ENFORCEMENT OF CRIMINAL LAWS: 399 indictments have been returned by the Grand Jury and in 16 cases the Grand Jury has refused to vote indictments in matters presented to them. In 91 cases probation has been granted to first offenders. Of this total of 91 probations it has been necessary to revoke only 8. A total of 161 offenders have been sent to the State Penal Farm at Vandalia, 67 to the Illinois State Penitentiary, 125 to the County Jail, 6 to the Security Hospital at Menard, and 6 to the State Reformatory for Women at Dwight.

During the same period also the State's Attorney's Office has collected delinquent personal property taxes in the amount of \$249,922.74 and delinquent general taxes in the amount of \$1,258,471.10.

Among juveniles and lesser offenders 780 criminal cases were presented. In addition to this, the State's Attorney has assisted the County Court in its routine handling of welfare problems, which has involved 519 cases concerning dependent families, 828 cases of mental illness, 125 cases of feeble-mindedness, and 26 cases of epilepsy.

In addition to these there have been the routine duties of prosecuting for misdemeanors and lesser offenses. This has involved the filing of 497 Informations in County Court. 231 of these have resulted in probations, which were successfully completed without repetition of any offenses. In only 8 cases has it been necessary to revoke probations in County Court. 283 delinquency petitions were filed.

Among the prosecutions which have been successfully conducted by this office have been several cases of murder and manslaughter and other major crimes. Two men have been sentenced to 30 years in the State Penitentiary for murder and 4 others have been sent to penitentiaries for terms of from 5 to 14 years for manslaughter or similar offenses. Sexual offenders have been given sentences ranging from one to 10 years in the State penitentiary to 50 years in the State penitentiary. Convictions for robbery, larceny and confidence game in the case of defendants who have previously committed offenses have resulted in sentences ranging from 3 to 10 years in the State penitentiary.

In addition to all of these duties the State's Attorney's office has of course interviewed approximately 15,000 new complainants and persons seeking information, has served as legal adviser without charge for almost a hundred taxing bodies, smaller governmental bodies and groups of interested citizens. He has represented the County of Lake in the Appellate and Supreme Courts in

HE HAS ADMINISTERED FAIRLY AND JUSTLY TO THE LEGAL WANTS OF THIS COMMUNITY;
HE HAS BEEN IMPARTIAL AND UNBIASED IN HIS DUTIES

THE GREAT ATLANTIC & PACIFIC

HICKORY

Mr. and Mrs. Roderick Ames are the proud parents of a 9 pound son, "Curtis Roderick," born Thursday, Oct. 21st, at Victory Memorial hospital in Waukegan.

Mrs. Bert Edwards and daughter, Doris, called on Mrs. Eva Alling, who is a surgical patient at Victory Memorial hospital, Waukegan, on Wednesday evening.

Mr. and Mrs. Clarence Webb and Mr. and Mrs. Hart Webb of Kenosha were Sunday dinner guests at the Curtis Wells home.

Mr. and Mrs. David Bennett attended the Ice Follies in Chicago Saturday afternoon.

Miss Grace Tillotson of Kenosha visited at the King and Tillotson homes Wednesday.

George Handley of Chicago spent Saturday and Sunday with his father, S. J. Handley.

Mrs. Anna Petersen, Grayslake,

and Mrs. Agnes Stevens of Antioch were week-end guests at the Gordon Wells home.

Mrs. Bert Edwards visited Mrs. Ray Carney in Kenosha Saturday afternoon.

Mr. and Mrs. McAllister Irving and family moved this week to their new farm home on route 50, near Kenosha.

100th Rail Anniversary

The year 1948 marks the 100th anniversary of the first run of a railroad steam locomotive out of the muddy frontier outpost of Chicago. This event proved the real beginning of the western movement which solidified the nation—and eventually resulted in the rise of Chicago as the greatest rail center in the world.

Why Bison Remained West

Lack of buffalo grass is the reason bison did not migrate east of the Mississippi river.

Elements of Plant Nutrition

Elements now definitely established to be essential in minute amounts to the normal development of plants are boron, manganese, zinc, copper, molybdenum and iron. The last named has been known to be essential for more than a century, whereas rigorous proof of the essentiality, for a wide range of plant species, of the other elements mentioned is comparatively recent.

Thrive on Milk

Finns, whose remarkable athletic abilities are well known, consume three times as much milk per capita as the British.

Cull Non-Layers

Non-laying hens eat up profits. They should be culled from the flock. Hens with shriveled combs, white beaks and pelvic bones that are close together are not laying. When culling hens, try not to frighten them. Use a catching hook if there are only a few of them or pick them off the roost at night, using a small flashlight for light.

Best Potatoes for Salads

Firm waxy potatoes hold their shape better than the mealy flaky varieties; therefore they are more suited to making salads and creamed potato dishes.

our men know
which end
is up

When it comes to keeping your Buick up to steering scratch—so a finger-touch can handle it—our men know the answers.

They know the front-end construction of a Buick better than anyone else, so naturally they know what to do and what NOT to do to keep it at its best.

When wear and time have taken their toll of parts like control arm assemblies, steering arms and tie rods, they have our large stock of fresh-from-the-factory Buick parts for replacement.

Buick "savvy" plus factory-engineered parts makes a combination that can't be beat for keeping Buicks at their best.

GIVE EM PLENTY OF WATER THE
JAMESWAY AND THEYVE GOT
TO LAY! THATS MY WAY!

OF ALL THINGS! IF IT
HADNT BEEN FOR US
TIPPING OFF THE
JAMESWAY DEALER, WED
BE WITHOUT WATER
HALF THE TIME!

JAMESWAY METAL-NESTS.
Get more clean eggs. Save
time. Control mites. Roomy,
cross-ventilated nests. Galvan-
neal steel. Folding perches.
Choice of 6, 10 or 15-hole
sizes. Order your Jamesway
nests now!

JAMESWAY FLOOR FEEDER.
Keeps feed "back high"—
just right for busy hens.
Helps get higher egg pro-
duction. Galvanized trough
and wire grille. "Tumbler"
slides "save feed from spill-
ing."

Don't take chances with your hens go-
ing thirsty! A hen has to drink a lot
to produce an egg that's 73% water.
You can trust this big 8-gallon James-
way waterer to provide enough for 100
to 200 birds for a whole day — with-
out refilling.

BUILT FOR SERVICE. Heavy steel. Hot
dip galvanized after forming to seal all
seams and joints. One piece pan has
rolled edges. Easy to clean and keep
clean. Float operated brass valve shuts
off for cleaning and refilling. Base
accommodates electric or lamp heater.

MILLBURN

The Rev. L. H. Messersmith's sermon topic for Sunday, Oct. 31, will be "The House That Will Stand." The Men's club will sponsor a Halloween party for the children of the community in the church basement Saturday night, Oct. 30. The regular meeting of the P. T. A. has been postponed and the date of meeting will be announced later.

Mr. and Mrs. J. S. Denman spent three days in Springfield last week and attended the State Mutual Insurance convention there. Mr. Denman was elected state director. Mort Savage and Richard Wells spent the past week at Eagle River, Glenwood and Heyward, Wis.

Mr. and Mrs. Pat DeYoung entertained 22 young people at cards at their home Saturday evening.

Mr. and Mrs. Harley Clark were called to West Lebanon, Ind., Sunday by the death of his father, John Clark. They remained for the funeral services Wednesday.

Mr. and Mrs. Frank Edwards spent Tuesday evening at the Gus Krumrey home in Libertyville, in honor of Mr. and Mrs. Krumrey's 38th wedding anniversary.

Mr. and Mrs. Horace Culver drove to White Pines park Sunday. Mr. and Mrs. Virgil Wooley of Joliet

spent Sunday afternoon with the Chalmer Wooley family. Miss Josie Mann spent the week-end at the Harvey Mann home in Waukegan.

Mr. and Mrs. A. Jones and family of Chicago spent the week-end with Mr. and Mrs. Pat Murphy. Charles Diedrich had the misfortune to break his arm Monday evening while playing in the yard. He was an overnight patient at St. Therese hospital.

The Rev. Messersmith officiated at funeral services for a former Alendale student, Jack Sharpless, killed in service at Attu, in 1943, who was brought back to Highland Park for burial Saturday afternoon.

Mr. and Mrs. Gordon Bonner spent the week-end with Mr. and Mrs. O. B. Gilbert in Decatur, Ill., and on Monday called on their cousins, the Dodge sisters, in Peoria.

Mr. and Mrs. J. S. Denman were honored with a dinner for their family at the home of their daughter and husband, Mr. and Mrs. Frank DeYoung of Grayslake Sunday evening with 18 present in honor of their 37th wedding anniversary of Mr. and Mrs. Denman.

Mr. and Mrs. F. C. Semrow, Sr., Mr. and Mrs. F. C. Semrow, Jr., and Miss Agnes Wincell of Milwaukee spent Sunday at the W. C. Upton home.

Mrs. Michael Giamonga, Rutherford, N. J., spent the past week with her grandparents, Mr. and Mrs. O. L. Hollenbeck.

Christening services were given Sunday at Millburn Congregational church for Mary Lou Sorenson, two-month-old daughter of Mr. and Mrs. Albert Sorenson of Lake Villa. The baby's great-great aunt, Mrs. Mary Olson of Cleveland, Okla., served as god-mother.

Mr. and Mrs. J. Kaluf and Mr. and Mrs. F. G. Edwards were supper guests at the John Edwards home Sunday evening.

Mr. and Mrs. Leslie Bonner and Mr. and Mrs. Victor Strang of Waukegan drove to Milwaukee Wednesday evening where they heard Lloyd Strang with Sammy Kaye's orchestra at Riverside theatre. Lloyd returned home with them and left Thursday for London, Ontario, where Sammy Kaye's orchestra will be for some time.

Fly A Disease Carrier

Flies are known carriers of more than a score of infectious diseases. Flies are known carriers of diseases such as typhoid fever, tuberculosis, diarrhea and other intestinal disturbances. They also may be capable of spreading the virus responsible for infantile paralysis. DDT is very effective in their elimination.

BOYS and GIRLS ... HURRY!

Only a SHORT TIME LEFT

for you to enter the "Our Landmarks" Essay Contest

1st PRIZES
Newest Model Zenith AM-FM Table Radio

2nd PRIZES
Philco Transitone Battery-AC-DC Portable Radio

3rd TO 10th PRIZES
\$25.00 Security Bonds

WHAT'S your favorite Illinois landmark in the "OUR LANDMARKS" collection? A 150-word essay about it may win you one of the many fine prizes offered by the Public Service Company in the "OUR LANDMARKS" Essay Contest. We're sponsoring this essay contest to encourage interest in the fascinating historical lore of our own Northern Illinois.

One landmark in this collection on exhibition, (only until October 31, at the Chicago Historical Society) will seem particularly interesting and significant to you. Write about it, in 150 words or less, and you'll have a chance to win one of the 15 newest model Zenith FM-AM Table Radios, or one of 15 Philco Transitone Battery-AC-DC Portable Radios, or one of 120 \$25.00 Security Bonds.

Read the easy-to-follow instructions below, and get your essay in the mail before midnight, November 10, 1948. Remember, you'll be competing with boys and girls in your own age group, so everyone has an equal chance to win.

Rules

1. After seeing the fifty water colors "OUR LANDMARKS" on display throughout October, 1948, at the Chicago Historical Society (Hours, 9:30 to 4:30 on weekdays, including Saturdays, 12:30 to 4:30 on Sundays. Admission is always free to school children) in Lincoln Park, corner of North and Clark, Chicago, write 150 words or less on your favorite landmark, giving reasons why it appealed to you. Your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.

2. Mail your essay to: Board of Judges, "OUR LANDMARKS" Essay Contest, 6 North Michigan Avenue, Chicago 2, Illinois.

All entries must be postmarked on or before midnight, November 10, 1948, and received by November 17, 1948.

3. Essays will be grouped into five classes for judging:

Group I 4th Grade and below

Group II 5th & 6th Grades

Group III 7th & 8th Grades

Group IV 1st & 2nd years High School

Group V 3rd & 4th years High School

Identical prizes will be awarded in each group, 150 prizes in all. First prize: Newest Zenith FM-AM table radio; Second prize: Philco Transitone Battery-AC-DC portable radio; Third through Tenth prize: \$25.00 Security Bonds each.

4. Essays will be judged on originality, suitability, and aptness of thought. Decisions of the judges are final. Duplicate prizes in case of tie. All essays, contents and ideas contained therein become the property of Public Service Company of Northern Illinois and none will be returned.

5. Contest is open to grade and high school students (except in families of this Company's employees) attending school and residing in the territory served by the Public Service Company of Northern Illinois.

6. Winners will be notified by mail shortly after the close of the contest. Complete list of prize winners' names will be posted in all Public Service stores and the Service Bulletin.

REMEMBER—your essay must be written on the official entry blank obtainable only at the Information Desk, Chicago Historical Society.

Here's what you do to enter the "OUR LANDMARKS" Essay Contest

Visit the exhibit of 50 water color paintings of "OUR LANDMARKS" at the Chicago Historical Society in Lincoln Park.

Obtain your official entry blank for the "OUR LANDMARKS" Essay Contest from the Information Desk at the Historical Society

Write an essay of 150 words or less on your favorite landmark. Tell why you like it and why you think it important.

Mail your essay to: Board of Judges, "OUR LANDMARKS" Essay Contest, 6 North Michigan Avenue, Chicago 2, Illinois.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

SOCIETY EVENTS

Antioch Masonic Lodge Honors Past Masters In Banquet And Meeting

The walls of the Antioch Masonic lodge room literally bulged Tuesday night by the big crowd that attended the annual past masters' night celebration.

Members and guests totaled 112 at the banquet and others joined them at the lodge meeting that followed.

Adrian Vanderkloot, junior warden, and Mrs. Vanderkloot, Mrs. Hybarger and Lola Badger prepared the banquet and the Rainbow girls served it.

Luster S. Badger is worshipful master of the lodge and was in charge.

Sixteen past masters were present.

Recognition was also given 50-year and 25-year members. Ira Simons and Alfred Effinger were the 50-year members, and 18 were added to the list of the ever growing 25-year list.

Pastmasters honored were Elmer Brook, Arthur Rosenfeldt, A. M. Hawkins, H. J. Cubbon, Elmer Hunter, Arthur Wertz, L. R. Van Patten, Emil Lubkeman, William Anderson, Elmer W. Kufalk, Clarence King, John Gaa, Arthur Laursen, Walter Solomon and Elroy K. Anderson.

Added to the 25-year list were W. Henslee, James Stearns, Herman Thomas, Charles Brueger, Carl Meinersmann, James Kopriva, Ralph Kinrade, Harry Jugenson, Adolph Pesat, Jr., Charles Laursen, Dr. R. D. Williams, Harold Fillwether, Adrian Vanderkloot, Ray Winslow, Oscar Hachmeister, Howard Smith, S. Boyer Nelson, George Richardson, and Jacob Hay.

Girl Scouts Meet and Brownies Are Organized

The Senior Girl Scouts of Antioch held their meeting Tuesday evening with eight members and their leader, Mrs. K. F. Detrich, present. A few games were enjoyed after the business session.

The Brownies, junior organization of the Girl Scouts with ages from 7 to 10 met at the Scout home Wednesday evening for their first meeting and election of officers. They will meet every Wednesday at the Scout home.

MRS. J. W. WOODS HOSTESS AT DINNER-SHOWER

Mrs. J. W. Woods entertained at a surprise dinner and baby shower in honor of Mrs. Wesley Reeves, Jr., at her home at Lake Marie Wednesday evening. Following the seven o'clock dinner the guests enjoyed a social hour and Mrs. Reeves opened her many lovely gifts. Among the gifts was a beautiful corsage presented to the guest of honor by the hostess. Guests present were Meses. Wesley Reeves, Sr., F. VanderLester; J. VanderLester; Marion Hunt; B. Fields, A. Hahn; Misses Nancy Reeves, Kathleen Fields and Sue Norman.

V. F. W. Holds Outing

The Veterans of Foreign Wars, Sequoit Post No. 4551 held its annual picnic and outing at Fred and Bess resort, Lake Marie last Sunday, Oct. 24. There was a nice turnout and everyone had fun competing in the different games and contests during the afternoon. Next year the V. F. W. will have another outing and get-together.

MILLBURN CHURCH ANNUAL BAZAAR AND CHICKEN DINNER

The annual bazaar and chicken dinner of the Millburn church will be served in the church dining room Friday evening, November 5. Serving will begin at 4:30 o'clock. The bazaar will be held in the afternoon and evening at the Masonic hall.

W. S. C. S. TO HOLD BUSINESS MEETING

A business meeting of the Women's Society of the Methodist church will be held in the church basement at 2 p. m. Wednesday, Nov. 3. For the worship service Mrs. A. P. Bratrude will use as her theme, "Spiritual Conflict in Korea." The program "Dawn Brightens in Korea," will be under the direction of Mrs. T. R. Birkhead. Mrs. D. N. Deering is the circle leader, and Mesdames George Kuhaup, Earl Horton, and Effie Nelson will be in charge of refreshments.

Mr. and Mrs. Thomas Burnette returned this week from a visit with their son, Pfc. Roland Burnette, at Camp Kilmer, N. J. Burnette expects to receive his honorable discharge this week. He recently returned to the United States after spending some time in Germany and Austria.

Richard Hansen, son of Mrs. Olive Hansen, enlisted in the U. S. navy and is receiving his boot training at Great Lakes. Hansen signed up for three years.

CHURCH SCHOOL AT CHURCH

The Methodist Church School will

Mrs. Frank Ziegler of DeKalb and Mr. and Mrs. John Osborn of Ludington, Mich., were guests of Mrs. Clara Willett at her home on Spauld street. Mrs. Ziegler has been very ill but is improving.

Mrs. A. L. Samson returned home Wednesday after a two-week's visit with friends and relatives in Detroit, Michigan.

Mr. and Mrs. J. W. Woods entertained recently at their lake home their cousins, Mr. and Mrs. Fred Healy and Mrs. Gertrude Bombard of Worcester, Mass. The Heals celebrated their twenty-fifth wedding anniversary while here.

Robert Wilton was taken to Victory Memorial hospital Monday, where he will remain for observation for a few days.

Mr. and Mrs. Carl Clingman of Journey's End Farm, are spending two weeks in New York, stopping at the Biltmore hotel.

Mrs. Pauline Lewis, 85 years of age, and her son and wife, Mr. and Mrs. Harry Lewis of Cedar Rapids, Iowa, were visiting her niece, Mrs. Bell Fox at the home of her daughter, Mrs. Arthur Laursen and family recently. While here the senior Mrs. Lewis visited with her great great niece, Mrs. John Blackman and her great great great nephews, Thomas and Donald Blackman. Mrs. Lewis also made a trip to Chicago and visited the Hall of Science and the Field Museum.

Mr. and Mrs. W. A. Thompson are leaving Friday for Leesburg, Fla., where they will spend the winter.

New Johnson Outboard

The new Johnson outboard motor now in production at Waukegan is revolutionary in that it has neutral, forward, and reverse gears and an auxiliary fuel attachment. It is no longer necessary to reverse the motor to back the boat away from the landing. Likewise boatsmen traveling in the big northern lakes need only to attach a five gallon auxiliary fuel tank like a toaster in going many miles to their destination.

Card of Thanks

We wish to thank our friends and neighbors for the many acts of kindness and sympathy shown during our recent bereavement in the loss of our husband, father, son and brother.

Mrs. Leonard Schneider and daughters
Mr. and Mrs. Walter Schneider and Family.

Experiment in Stop-And-Go

Amber warning signal between red and green lights is of definite value. A study made by engineers of the city of Chicago and the Chicago Motor club, conducted over a period of the last five years, on the progressive system of nine lights along 1.8 miles of LaSalle street conclusively proved that there was better control and fewer accidents with the use of the amber light. The experiment showed that in spite of the success reported by other cities, Chicago motorists and visitors to Chicago understood and operated their cars better with the amber light interval during the change in signals either from red to green or from green to red.

World Food

One factor affecting the world food situation and Europe's sources of supply is the decline in food production in the Far East according to the secretary of agriculture. Before the war the Far East was annually a net exporter of 4.25 million tons of foodstuffs, a large part of which went to Europe. In 1947 the Far East was net importer of 6.5 million tons. That's almost 11 million tons of food which could have gone elsewhere last year if the Far Eastern economy had been back to its old export levels. Eleven million tons is equal to well over half the total food exported from the United States last year.

New Car Problems

The work involved in "bringing out" a new car is described by Automobile Manufacturers association as a "colossal task." A brief shut-down for model change-over in one company involved installing 1,650 new dies, 2,615 tools, 805 fixtures and 164 production presses and machines. Because the frame of the new car is built into the body, the two final assembly lines, each a half mile long, had to be rerouted to fit new assembly methods. Workers also had to be taught new assembly processes. This procedure alone meant relocating nearly 1,000 presses and machines and shifting whole departments.

This Changing World

Pioneers thought trees were something to clear off the land, burn in the fireplace, use for cabins and split for fence rails. All of these things still can be done with trees, from which, also, paper, plastics, sugar, chemicals plywood textiles and an extensive list of other new products are made.

Largest Fleet Operator

Uncle Sam's post office department is the largest truck fleet operator in the world with a total of 10,000 trucks of its own—many of which are from 10 to 20 years old and breaking down frequently as a result—and an additional 50,000 trucks it rents.

Removal of Pin Feathers

Pin-feathers are most easily removed from poultry with a pair of pliers or tweezers.

Motorists' Demand for Gas

Passenger car demand for gasoline is estimated at 21 billion gallons this year and nearly 23 billions for 1949.

Baseball "Czar" Established

Kenesaw M. Landis was elected as high commissioner of baseball in 1921, with a seven-year contract at \$50,000 annually. At that time Landis became supreme ruler of the game.

Where Alfalfa Falls

Alfalfa is very sensitive to poor drainage and will be short lived if planted on a soil that has a high water table.

Speed of Jack Rabbits

A jack rabbit can run faster than a race horse, according to World Book encyclopedia. The jack rabbit has been clocked at 45 mph while top race horse speed is only 42.3 mph.

Marketing Fresh Vegetables

If prepackaged fresh vegetables are kept at a temperature of 42 degrees during marketing operations they will keep from two to three times longer than if no attention is given to refrigeration.

Paper Products Market

From 1929 to 1940, expenditures for miscellaneous household paper products in the United States increased 62 per cent.

Synthetic Wool

Synthetic wool is made from caseln. This wool is capable of taking the dyes used in coloring real wool.

(Continued from page 1.)
William Dunworth of Joe and Helen's was second high individual with 213.

Men's Major League

Antioch Builders still lead the Men's Major league but the other teams are threatening them continuously. Last Friday Bussie's was high team with 882-994-910-2780 which is nothing to sneer at. Harry Linder was high individual scorer with games of 204-237-191-632. His second game was second high for the evening. H. Pape, also of Bussie's who was second high individual scorer had the highest game score of 267.

Thursday Business Men

Results of the Thursday Business Men's league was: High team—Johnson's resort, 912-801-832-2545; high individual scorer, B. Manzar-do of Servicenter 190-197-586; second high individual E. Kracmer, 583; high individual game, S. Rysko of Stanley's, 214; second high game, E. Kania of Stanley's, 201.

Ladies' Major League

High team for night, Blum's 681-821-694-2196; high individual, L. Fernandez of Blum's, 150-196-174-520; second high, L. Keulman, 477; high individual game, L. Keulman, 198; second high, L. Fernandez, 196.

Wednesday Night Business Men

Last week's results in this league are lacking but the results for the week previous were: High team, Miller, 2429; high individual, E. Carney, 180-181-211-572; second high, Dr. Hays, 522; high game, E. Carney 211; second high game, E. Cranley, 202.

HELLO FOLKS:

By Ray Cobb

Maybe you missed our Legion column these last few weeks? Sorry we weren't with you but there wasn't too much to write about. Thanks to all of you, who asked about us. Will try not to let you down again on news of the Antioch Legion.

Our Legion membership drive is on in full swing now. Three prizes are offered to the first three members turning in the most renewed and new memberships. This creates a competitive spirit and all the members are on their toes trying to win. We would like to ex-

tend our invitation to all the veterans who would like to join our organization. Our meetings are the first and third Thursdays of each month.

A homecoming parade of the Antioch Township High school will take place tonight at 7:30 p. m. The Legion is sponsoring a float, done in the school colors. Other clubs will have floats, and members in the parade.

The Legion Drum and Bugle corps is doing a fine job this year. They've made very fine showings at the different places they have appeared. Under the able direction of Mr. William Johnson they've done quite a bit of good will for the Antioch Legion post. They will march as a unit in the homecoming parade.

The Rifle Squad gave a dance for its members recently. Bill Lahti donated the use of his new warehouse and a grand time was had by all. The Rifle Squad is an up and coming auxiliary of the Legion. If you are interested in progress, better keep an eye on these boys because they're really going places.

Our American Legion national convention was held in Miami, Fla., this year. Some of our 10th district members were there. This convention is the pinnacle of our years work. For there all units meet to compare notes on the past year and plan for the year to come.

Our 10th District meeting took place Oct. 19th at Fox Lake.

Leonard W. Schneider Dies in Libertyville Hospital Friday

Leonard W. Schneider, 31, passed away October 21 at 10:30 p. m. at the Condell Memorial hospital at Libertyville, after several months of illness. He was the son of Mr. and Mrs. Walter Schneider of Lake Villa, born Nov. 7, 1916 at Jamestown, N. Dak.

He was employed with his father doing construction work.

Survivors include his wife, Ellen, three daughters, Judith Ann, Violet Mae and Sandra Lee; his mother and father, seven brothers, Howard of Long Lake; Willard of Antioch; Maynard of Silver Lake; Bernard and Millard of Lake Villa; Richard of Bassett and Walter, Jr., serving in the U. S. army; two sisters, Dora Blumenschein and Arlyn Schneider of Lake Villa.

Funeral services were held from the Strang Funeral home at two o'clock Monday afternoon. Burial was in Warren cemetery.

Local F. F. A. Officers Attend Training School

Floyd McKinney, Benno Freund, Gordon Wells, Irving Buchta and William Wurster, officers of the Antioch Chapter of the Future Farmers of America, attended the officers' training school at Woodstock last Tuesday.

Reports were given by the Hampshire and St. Charles chapters telling of their activities. After this the various officers were divided into sections and instructions were given as to their respective duties.

Ralph McKinze, secretary of the Elgin fair, gave a report of this year's exhibition and told of the money allotted to the Future Farmers which is to be used to send one member from each school to the National Future Farmer convention at Kansas City, Mo.

The F. F. A. girls of Woodstock High served at a banquet which followed the program.

C. L. Kuttel, local advisor, accompanied the local officers to Woodstock.

Loon Lake Inn Robbed of \$75

Richard Folbrik, operator of the Loon Lake Inn, was robbed of a sum of money approximately \$75, on Wednesday evening, when three hoodlums came into the place while "Dick" was engaged in a game of shuffleboard with another customer.

The three young men, judged to be in their early twenties, came into the tavern and were served a glass of beer each, after serving them "Dick" went back to his game, and while playing noticed that two of the men were leaving the tavern, at the same time he spotted the third man leaning over the bar to get a small box containing money. The robber grabbed the box and fled with Dick in pursuit. Upon reaching the door Dick was met with an order to get back inside or be shot. He did remain outside long enough, however, to see that the men were driving a 1941 Packard sedan with Illinois license plates. The license was found to have been issued to W. C. Clay of Chicago, and it is believed that the car had been stolen, but police had been unable to check on this at present.

Marched on Butter

Butter was one of Napoleon's favorite foods. He insisted that all his meals be cooked in butter.

Attend Federal Land Bank Meeting of Stockholders

John A. Paulsen, president and William Meyer, director of the National Farm Bank Association of Woodstock, have just returned from St. Louis, Mo., where they attended the annual stockholders' meeting of the Federal Land Bank of St. Louis. Mr. Paulsen is a member of the stockholders' advisory committee, representing Northern Illinois, and Mr. Meyer represented the local board of directors. This association, together with 98 others owns all the capital stock of the Land Bank which amounts to \$5,473,000.

Mr. Paulsen was elected for a two year term on the committee and has one more year to serve. The other Illinois members are Elmer Findley, chairman of Paris, and those elected this year, Clarence McCauley of Mt. Vernon to succeed himself and James J. Dunn of Harmon.

The Woodstock Association serves Lake and McHenry counties and has 231 members. It is a cooperative system wholly owned by farmers and makes long term farm mortgage loans.

Blast Furnaces

James Beaumont Nelson, who fed pre-heated air to a blacksmith's forge in 1824, applied the same principle to the blast furnace. This increased the oxygen supply to the furnace and stepped up its efficiency. Latest blast furnace techniques are aimed at much the same objective—more oxygen.

Capital Punishment

New Zealand abolished the death penalty in 1941 and Rumania in 1946. Brazil liberalized its capital punishment law in 1946 by limiting the death penalty to military offenses in time of war. Switzerland in 1942 made a constitutional change which extends abolition of capital punishment to all cantons.

First Train Robbery

Only a rash man would assert the name of the first train robber to operate in the United States, but the first formal holdup of a train of steam cars appears to have been accomplished on October 6, 1866, by a crew of Hoosiers on the Ohio and the Mississippi railway near Seymour, in Jackson county, Indiana.

Newsprint Up in Smoke

Forest and wood fires annually destroy enough timber to make 5,700,000 tons of newsprint.

Century Old

Wisconsin's first capitol building still stands near Belmont in Lafayette county. The first territorial assembly of 39 members met there on October 25, 1836.

Oil Well Requirements

For every thousand feet of oil well drilled in the United States, 11 tons of steel "oil country goods" are required. This includes drill pipe, line pipe and casing. Last year the oil industry's 200 million feet of drilling required 2,200,000 tons of these types of tubular products.

Ironing Turkish Towels

Home economists advise against ironing Turkish towels. Ironing is unnecessary labor and it mats the loops, making the fabric less absorbent, and may even break the fibers in the yarns.

Fog-Penetrating Lights

To help pilots land airplanes in zero-weather at the new N. Y. international airport, a newly-developed lighting system emits fog-penetrating light flashes of more than 115 billion candlepower. The system provides 46 half-second surges of light every minute, each with the momentary light equivalent of nearly two billion ordinary 60-watt bulbs.

Useful Cyclones

Not all cyclones are disastrous. For many years man-made cyclones have been used by industry as dust collectors. The large metal contraptions with inlet and outlet pipes and cone shaped bottoms are familiar sights on the outside of certain factory buildings. Dust laden air is whirled around inside, then the dust settles out, leaving the clean air to be vented to the atmosphere.

To Stretch Hamburger

A good way to stretch hamburger is by adding one beaten egg and some cooked noodles. For added flavor, season with a minced onion, salt, pepper and Worcestershire sauce, or serve with tomato sauce.

Salad Appeal

A few dark green leaves of spinach or dandelion greens included in a tossed salad add to the color and appetite appeal of the salad.

Why People Read

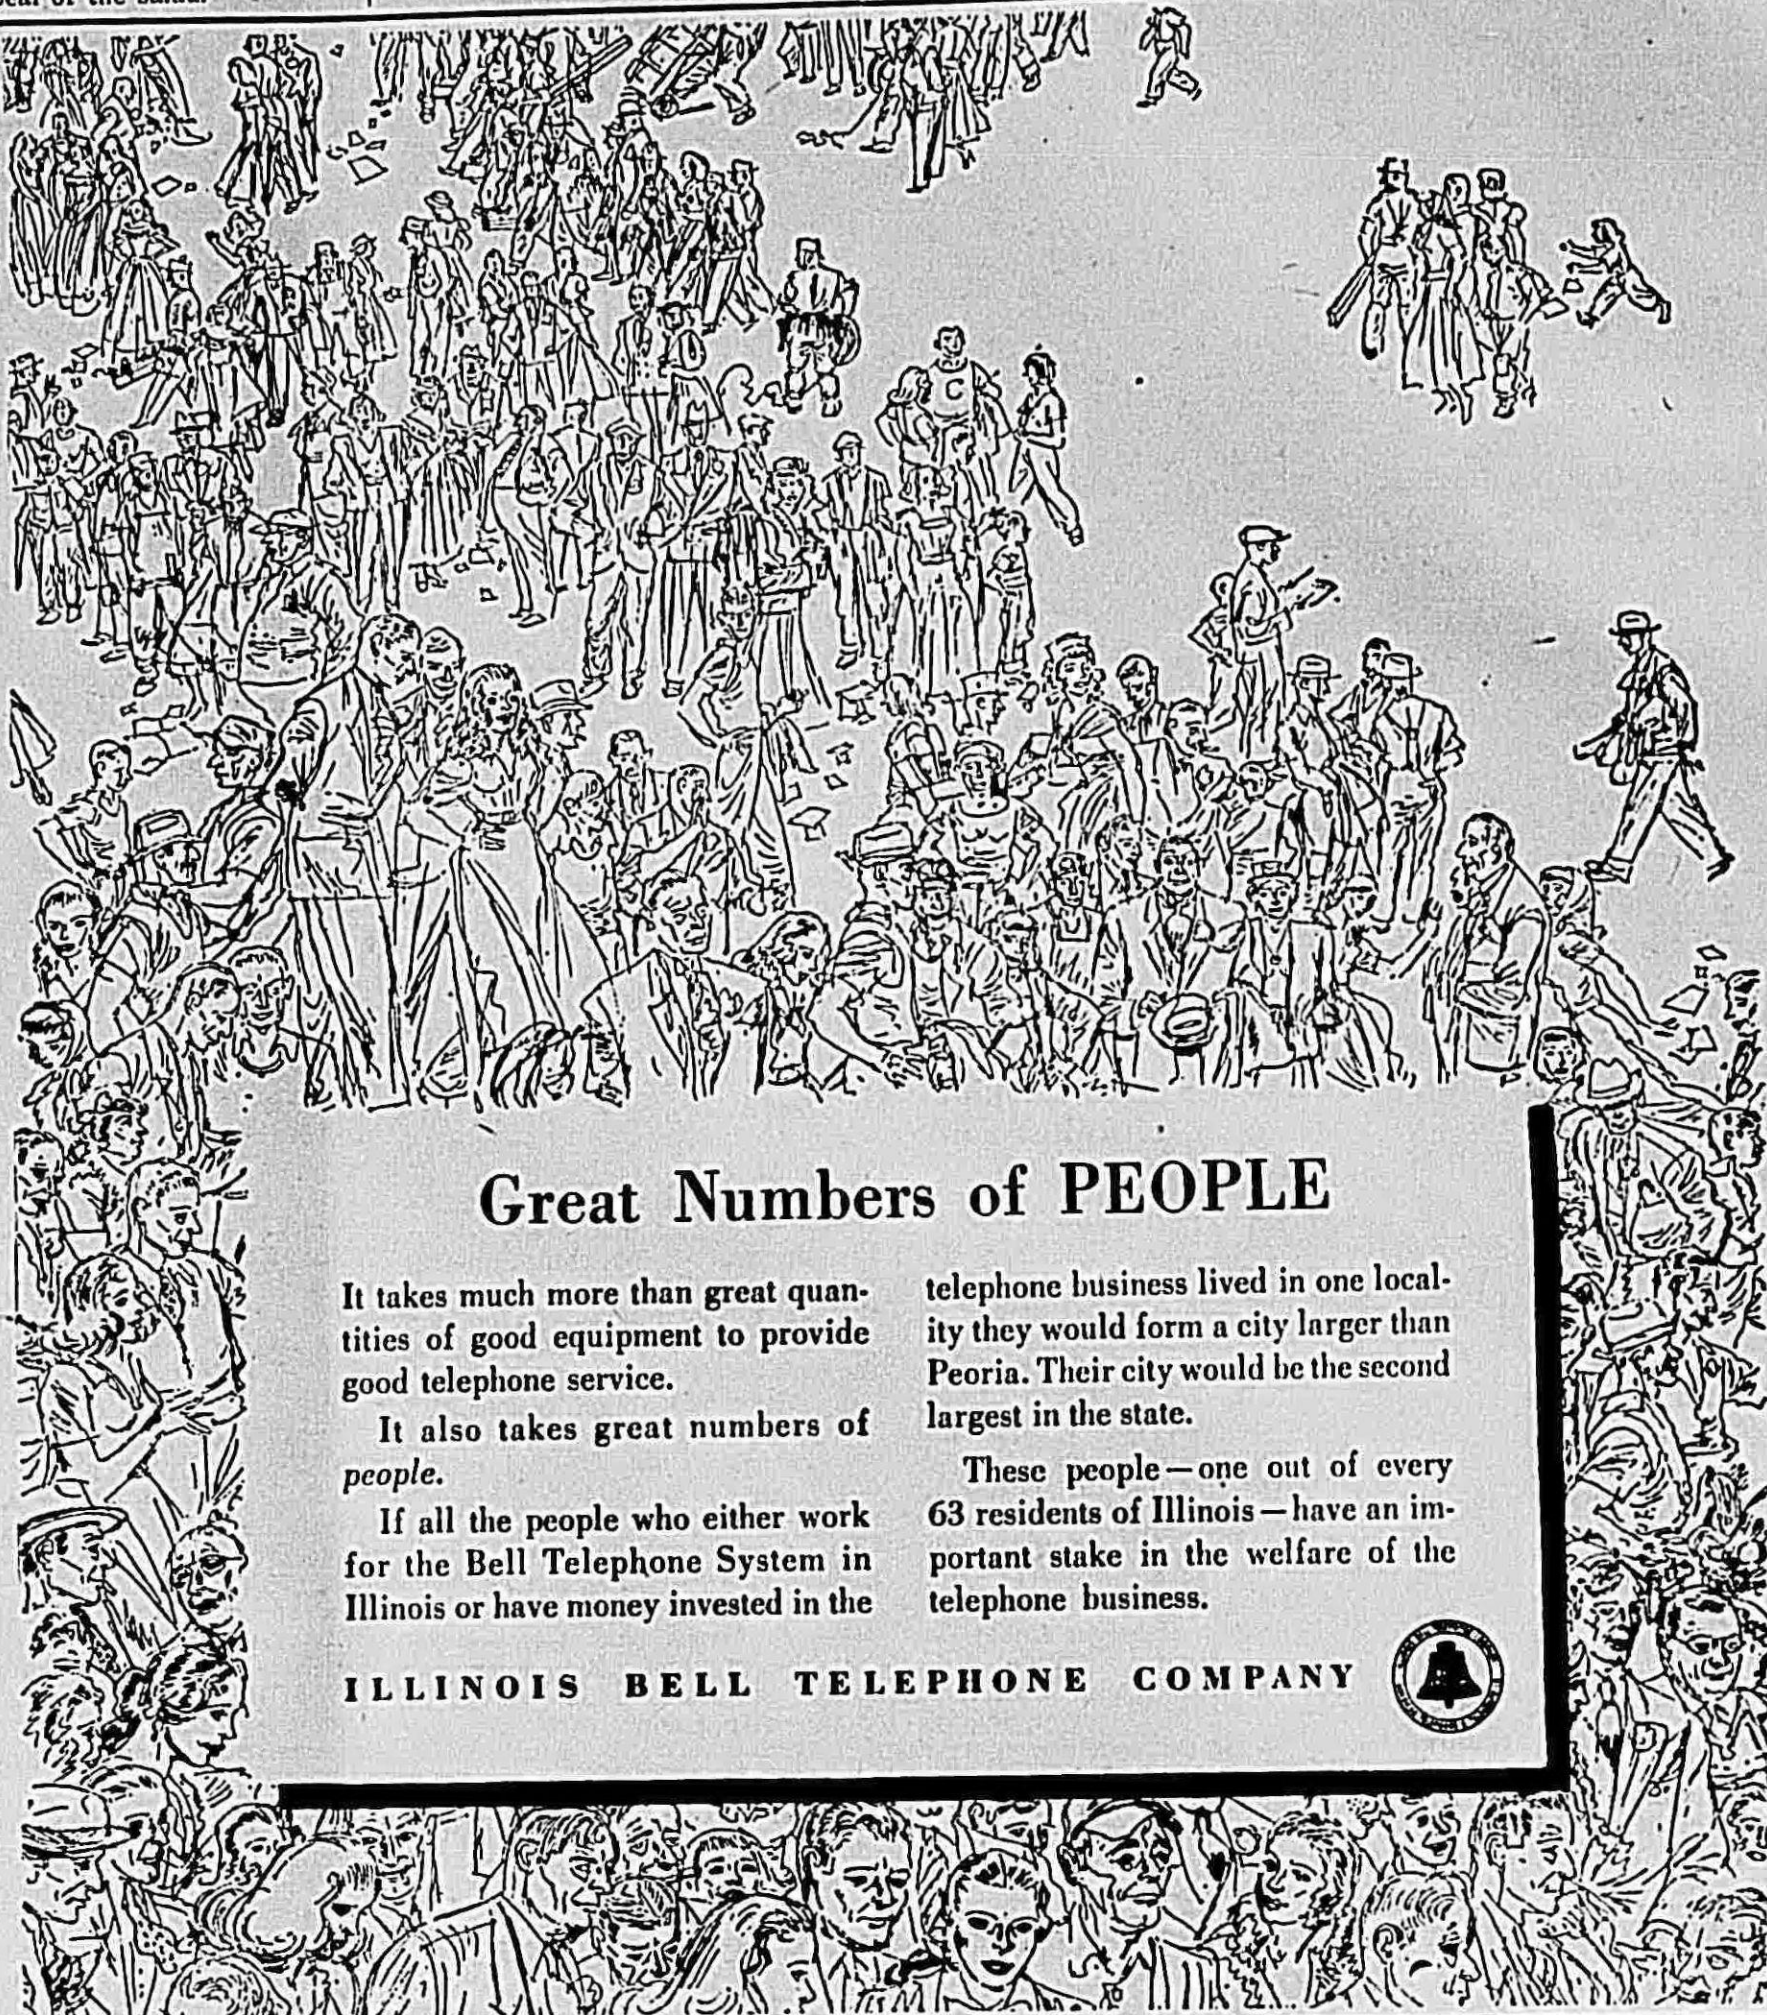

Most people read for the same reason they want to talk. People read and talk because they want to share experience with others.

Nosema in Bees

Honey bees having Nosema disease can fly only a few feet. Presence of the disease is indicated if bees collect on the ground near the hive.

Enlarging the Kitchen

A light shade of a cool color such as blue or green, or just solid white will make a small kitchen look larger.

Great Numbers of PEOPLE

It takes much more than great quantities of good equipment to provide good telephone service.

It also takes great numbers of people.

If all the people who either work for the Bell Telephone System in Illinois or have money invested in the

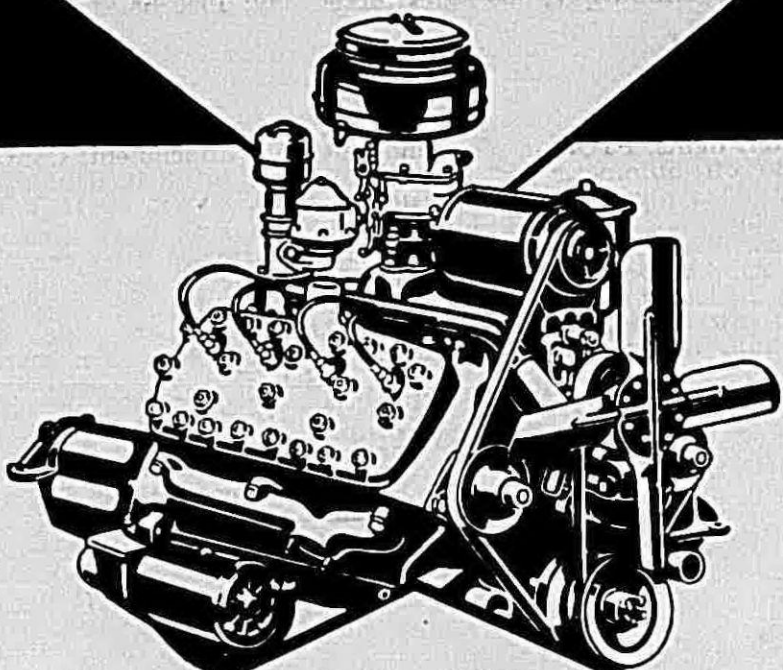

telephone business lived in one locality they would form a city larger than Peoria. Their city would be the second largest in the state.

These people—one out of every 63 residents of Illinois—have an important stake in the welfare of the telephone business.

Re-elect Dwight H. GREEN For A Greater Illinois . . .

A GOOD GOVERNOR

No governor has done more for the people of Illinois in every walk of life and added more to the dignity of the state than Dwight H. Green. He has truly been a good Governor—a Governor who has accomplished great things for all the people of the state. His record shows these facts:

FOR FARMERS he has inaugurated the state's first system of State Aid Farm-to-Market roads; carried out programs on drainage, soil conservation and elimination of livestock disease.

FOR BUSINESS MEN he has kept taxes down, balanced the budget, and practiced strict economy everywhere.

FOR WORKERS he has approved more legislation favorable to labor than any other governor; acted as a bulwark against anti-labor legislation of any kind.

FOR VETERANS he sponsored the nation's most liberal bonus. His administration established the first Veterans' Commission in the country for personal service on veterans' problems and is carrying out a rehabilitation program which is restoring thousands of veterans to productive life. New veterans' hospital units have been built at State institutions.

FOR EVERYBODY—Under Governor Green state aid to Public schools almost trebled . . . New buildings and expanded facilities for the University of Illinois and the state colleges . . . A \$30,000,000 housing program, aiding 115 local housing boards . . . Old age and blind pensions liberally increased and aid to dependent children established . . . First program of state tuberculosis hospital and state aid to community hospitals . . . First system of state aid to airports throughout Illinois . . . Expansion and Improvement in our highways, parks and recreational facilities.

The record of Governor Dwight H. Green in service to ALL the people of Illinois has never been equalled. It is a record of sound administration and lasting accomplishments.

★ Your Vote for DWIGHT H. GREEN FOR GOVERNOR on Nov. 2 will insure Good Government in Illinois

Prefers Young Alfalfa

Alfalfa butterfly and its subsequent caterpillars are attracted to fields where the alfalfa is not higher than six to eight inches. Extensive studies have shown that butterflies prefer to lay their eggs in fields where the alfalfa is less than eight inches high and will skip those where the growth is higher.

Care of Tractor

A loose fan belt can cause the tractor to overheat. To clean cooling system deposits use about three pounds of ordinary washing soda to seven gallons of soft clean water. Place this solution in the radiator with the radiator cap off, run the engine until it is warm, and then drain the radiator and flush with clean water.

Use of Shellac

Shellac often is classed as a varnish in wood finishing. Although it dries more rapidly. It has many interior uses, especially in the finishing of upright surfaces of various types of plywood. It's not recommended for window sash or wood which is exposed directly to sunlight.

Unskilled Workers in 1940

Unskilled workers, including farm hands, industrial workers and domestic servants, numbered less than 14 million out of the 52 million persons in the United States labor force in 1940. This was less than 26 per cent of the total, against 36 per cent in 1910.

Sparks From Spark Plug

Two car manufacturers and a spark plug maker gave three different answers to the question, "How many sparks does a spark plug make when a car is going 40 miles an hour?" Answers were 500,925 and 2,000 times a minute. The spark plug maker provides mathematical proof that his estimate of 925 times a minute is correct.

Unusual Occupation

Guillermo (Willy) Almodovar is one of the few men in the world who earns his living climbing trees. Willy scales royal palm trees near Mayaguez, Puerto Rico. He climbs as many as a hundred a day and can earn \$20 daily collecting the uppermost or unborn palm fronds which are widely used in manufacture of tropical furniture.

Robert Trout and Richard Harkness

Chevrolet... Leader in Value

**Your choice for
QUALITY
on all these counts**

*...at prices that are lower than those of
any other car in its field!*

*Your No. 1 Choice for
RIDING SMOOTHNESS*

There's a very good reason why people agree that Chevrolet gives a much smoother, steadier, safer ride than other cars in its field. That reason is that Chevrolet alone has the original Unitized Knee-Action Ride, backed by more than 16 years' experience in building Knee-Action units. This feature is found elsewhere only in higher-priced cars.

*Your No. 1 Choice for
PERFORMANCE with ECONOMY*

You will enjoy much finer performance with economy in Chevrolet. Its world's champion Valve-in-Head Thrift-Master engine holds all records for miles served, owners satisfied, and years tested and proved. And Valve-in-Head engine design, like so many other Big-Car quality features, is an advantage that is found only in Chevrolet and higher-priced cars.

*Your No. 1 Choice for
ALL-ROUND SAFETY*

You and your family will ride in safety, thanks to extra-strong Fisher Unisteel Body-Construction—safety plate glass in windshield and windows—the unmatched road-steadiness of the Unitized Knee-Action Ride—and the greater stopping power of Positive-Action Hydraulic Brakes—fourfold safety-protection exclusive to Chevrolet and more expensive cars!

*Your No. 1 Choice for
TASTEFUL BEAUTY*

You know—and your friends know—that the emblem, *Body by Fisher*, is the hallmark of bodies that are better by far. Chevrolet's Bodies by Fisher reveal this finer quality inside and out—in every detail—including the hardware, the upholstery and all appointments. Naturally, these finer bodies are exclusive to Chevrolet and higher-priced cars.

*Compare Values!...
Compare Prices!...*

CHEVROLET—and Only CHEVROLET—IS FIRST!

Antioch, Illinois

Old As Calendar

Although modern Americans, accustomed to daily bathing in gleaming ceramic tiled bathrooms, are inclined to consider the luxurious bath an exclusive twentieth century development, it is actually as old as our calendar. Tiled baths were common in Rome in the time of the Caesars. The Stabian baths at Pompey, buried for centuries under volcanic ash from Vesuvius, had tiled walls similar to those in today's bathrooms. Romans also popularized the hot bath. During the Roman Imperial epoch bathing in hot and cold water had tremendous popular appeal. Large bathing establishments with swimming pools, exercise halls, promenades and service by great numbers of slaves drew crowds in leading Roman cities. Romans spread the gospel of the bath throughout the colonies and even in North Africa the bath was well established by the end of the first century.

Measure Honey In Bee-Years

The bee is a busy worker but not a big one. Bee specialists of the department of agriculture say the average bee collects several times her weight in honey in a season, but this is only about a quarter of an ounce on the average. So, if a bee could live that long it would take her about 64 years to make one pound of honey. But while the bee is making her quarter of an ounce of honey she is making untold wealth in the form of apples, melons, clover seed and many other fruits and seeds through her pollinating activities.

Rodent That Made History

Beaver has the undisputed honor of contributing more to the history of North America than any other quadruped. This rodent supported the infant colonies of Canada and New England, and for centuries was the most valuable item of export. By 1800 but few beaver were to be obtained in the eastern part of North America. Then a steady stream of hardy Americans crossed the plains to set traps in the remotest rivers of the Rocky mountains. Jean Nicolet was the first recorded white man to set foot upon Wisconsin soil. It is significant that when he landed at Green Bay in 1634 one of the Indian chiefs gave a feast at which "at least six score" of beavers were served.

Safety Measure

Luminous paint, used extensively on main highways to safeguard motorists, now is being utilized by some railroads to letter box cars and provide an added measure of safety at dark crossings in rural areas. Latest railroad to use the reflecting markings, which light up when motorists's headlights strike them, is the Chesapeake & Ohio on the 1,000 box cars just delivered by Pullman-Standard Car Manufacturing company.

Byrd Expedition Equipment to Be Shown at Antioch

A huge trailer, containing Husky dogs, sleds and other equipment used by the latest Byrd Antarctic expedition will be in Antioch on November 10, according to Fred B. Swanson of the Antioch Theatre. The showing of the equipment will be in connection with advance publicity for the picture "The Secret Land," a technicolor production of the expedition. Procurement of the trailer for exhibit here is regarded as a major achievement, because the trailer has been shown only in the very largest cities heretofore.

The picture, which was previewed several weeks ago by scout leaders and other interested persons, will be sponsored by the Lella J. Anderson Memorial Foundation and use of the Antioch Theatre is being donated by Mr. Swanson, with 100 per cent of the receipts going to equip and maintain the new Scout home.

Robert Montgomery, Robert Taylor and Van Heflin are starred in the picture.

Mrs. Fred Hardt and Mrs. Clarence Ehler and their mother, Mrs. Stang, of Bellwood, Ruth Zanger and daughter Lorry, of California, were dinner guests of Mr. and Mrs. Henry Mau, Thursday.

Local Men Go to Denmark To Visit Relatives After Long Absence from Them

A long anticipated visit by Andrew Dalgard and Peter Toft with their brothers and sisters in Denmark is about to be realized by the two local men. They left Antioch today for New York where they will leave at 12:30 p. m. Friday for Denmark arriving in Copenhagen Saturday.

Mr. Toft will visit his brothers and sisters in Kjeldberg and Dalgard will spend a month with his sisters and brothers in Viborg. This is the first visit Dalgard will have had in 43 years and Toft his relatives in 40 years.

Four-II Winners Chosen
Floyd Hutchings of Mundelein and George Connell, Jr., Zion, have been named winners of the "Better Method" contest sponsored by the

Public Service Co. of Northern Illinois. Floyd, the first place winner, will receive a \$50 bond, and George as second place winner, will get his expenses paid to Camp Shaw-Waw-Nas-See next summer. Both will be guests of the utility company at Chicago for luncheon and a tour.

President of I. A. A. To Address Farm Bureau F. B. I. Wednesday, Nov. 3

Charles B. Shuman, president of the Illinois Agricultural association,

will address the sixth annual banquet of the Lake County Farm Bureau Information club at St. Peter's Evangelical church in Lake Zurich at 7 p. m. Wednesday, Nov. 3.

The FBI club was organized by the Farm Bureau in 1943 and until recent months the membership was limited. Now it is opened to any farm bureau member. Reservations must be made by Oct. 30 for the banquet.

Content of Ice Cream
Ice cream furnishes calcium, vitamin A, riboflavin, protein and other nutrients found in milk.

DON'T MISS THIS BIG EVENT!

Follow the THRIFT TREND to —

Thanks to Great Values Like These...
A&P IS ONE OF THE TOWN'S TOP SPOTS FOR TOP-QUALITY MEATS

Attractive at A&P's meat prices are, they don't tell the whole "Super-Right" value story. A&P believes that the quality of the meat you buy and the way it's trimmed are mighty important factors, too. For meat isn't a good value at ANY price if it's tough, dry or flavorless or weighed with a lot of bone and coarse meat. That's why every single "Super-Right" cut is specially selected by experts from fine-quality beef, pork, veal and lamb, and Close-trimmed to remove excess waste BEFORE... NOT after... being weighed. And that's why so many smart shoppers come to A&P for real meat values. Why not join them? Why not get more good eating for YOUR meat money, too?
